For All Your Stained

August 2009

How Are You Spending the Summer?

Dear Friends,

It seems like we were just welcoming the first days of summer and already it's time for back to school. We hope you are making the most of this warm, beautiful season, why not add to your summer and join us for a class before it disappears.

In early August we have a new class coming up, Stained Glass Repair. We haven't offered this class before, but since we get many questions here at the shop about how to fix broken panels we thought this topic may be of interest to those of you who work with stained glass. Even if you are new to working with glass, sooner or later you're bound to end up with a broken piece. Doing a repair can be a tricky prospect. Join us on August 8th and we'll show you how in this newly offered hands-on workshop.

To wrap up our summer offerings, we've added a Dragonfly Suncatcher Class to

This student proudly displays her delightful Mystical Mini-Panel

our upcoming schedule. This is a *perfect* class for even the most novice of beginners. We supply everything you'll need, all you have to do is show up. If you have a group that is looking for a fun activity, why not give stained glass a try?

If you've been waiting for our next Lead Came Construction Class to come along then mark your calendar for Wednesdays in October. We only offer this class twice a year, but we have

morning as well as evening sessions available.

Be sure to stop in soon to visit us and let us know how you've been spending your summer.

As Always,
Laura

P.S. - Be sure to check out our new website at www.hallockstainedglass.com

Lead Came Construction

Have you been wanting to learn the Lead Came method? This four-week class teaches the basics of lead came construction. You will learn all you need to know to create your own leaded panels: pattern preparation and layout; choosing, cutting and soldering lead; and finishing a panel.

This class is only offered twice a year and space is limited so sign up early. Your pattern must be pre-selected and approved prior to the class. Tools and materials are extra and are not included in the class fee. You will receive a tools and materials list upon receipt of your class fee. Prior glass experience is required

Class Fee: \$65.00

Date: Wed., Oct 7 - 28

**Times: Morning class
10:00am - 12:00pm
Evening class**

7:00pm - 9:00pm

Save Your Local Economy...Three Stores at a Time

SAVING THE BRICK & MORTARS
OUR NATION IS BUILT ON

3 Think about which three independently owned stores you'd miss most if they were gone. Stop in and say hello. Pick up a little something that will make someone smile. Your contribution is what keeps those businesses around.

50 If just half the employed U.S. population spent \$50 each month in independently owned stores, their purchases would generate more than \$42.6 billion in revenue. Imagine the positive impact if 3/4 of the employed population did that..

68 For every \$100 spent in independently owned stores, \$68 returns to the community through taxes, payroll and other expenditures. In a national chain, only \$43 stays here. Spend it online and *nothing comes home.*

The number of people it takes to start the trend...you.

Pick 3. Spend 50. Save your local economy.

Check Out Our Upcoming Saturday Classes

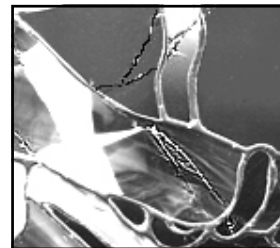

Stained Glass Repair

Do you have a broken piece of stained glass that you'd like to repair but don't know how? Do you know the basics of glass repair, but could use some expert coaching? If so, then our Stained Glass Repair Class may be just what you need.

Join us as we lead you through the process of making a repair on a piece constructed with the copper foil method. We'll teach you how to remove the broken glass, explore some shortcuts for cutting the replacement piece and then putting it all back together. You will be able to get one-on-one advice working with your piece.

Bring to class a small broken panel and your glass cutting and soldering equipment. Also bring a piece of glass to cut your replacement piece from. If you don't have anything that's broken, just bring an old project that you wouldn't mind to disassemble and put back together so you can learn how it's done. If you work with glass, you know it's bound to happen. Learn how to restore what you thought may have been forever lost.

Class Fee: \$35.00
Date: Saturday, August 8, 2009
Time: 11:00 am—1:00 pm

Dragonfly Suncatcher

In this beginning lead-wrap class, you will create a delightful dragonfly suncatcher from pre-cut shapes and glass nuggets. You will learn how to stretch, cut and handle the lead to wrap glass and nuggets, add some wire and bring everything together to make the cutest little guy you've ever seen!

You will want to make more to give as gifts. We supply all the tools you will need, and all materials and supplies are included in the class fee. No prior glass experience is necessary.

Class Fee: \$35.00
Date: Saturday, August 29, 2009
Time: 11:00am – 1:00pm

Regular Monthly Class Schedule

Beginning Stained Glass

This is our entry level stained glass class. Over the course of four weeks, you will learn the techniques required to complete a small stained glass panel using the copper foil method. You will choose from seven previously selected patterns, and using the glass of your choice you will complete as small stained glass panel. The class fee includes instruction and the use of some of our tools. Supply kit (required) is \$62.00 plus the cost of the glass of your choice. This class is a prerequisite for many of our other classes.

Class Fee: \$65.00
Dates: August 4 – 25
Sept. 1 – 22
Times: Morning Session: 10:00 am - 12:30 pm
Evening Session: 6:30 pm - 9:00 pm

Workshop Class

Refresh or improve your skills. Learn a new skill. Pick your project and we'll help. Bring your own basic tools. (This means everything that you need except your grinder.) Classes are limited, sign up early. Prior glass experience is necessary.

Class Fee: \$50.00
Dates: August 6 – 27
Sept. 3 – 24, & Oct. 1
Times: Morning Session:
10:00 am - 12:00pm
Evening Session:
7:00 pm - 9:00 pm
