Happy Holidays!

Dear Friends,

Do you have a special holiday tradition at your house? At ours, we have a favorite dish that all the kids insist we have at Christmas dinner. As families and friends are caught up in the hustle and bustle of the holidays, we hope you will be able to take a little bit of time to make way for a special holiday tradition.

We have a perfect opportunity for you to make a new tradition of taking a creative class together with a friend or family member. Coming up on Dec. 6 is our Teeny Tiny Trees Hot Frit Workshop. You won't want to miss this class, no matter what your skill level. Come join in the fun as we decorate these cute little trees. We do the fusing and you can pick them up later, just in time for Christmas. This is an entry level class open to anyone. There is no glass cutting involved.

Soon we will be putting together our upcoming one-day Saturday workshops, so if there is something in particular you would like to learn how to do, let us know and we will do our best to work it into our schedule.

This mother and daughter pair had a great time making these Mystical Mini Panels in a recent Saturday Workshop..

Keep in mind, we won't be having our regular monthly classes in December, but plan to join us in January as we resume our normal schedule.

Also, we will be closing early, at 2 pm on Christmas Eve and we will be closed on Christmas Day so that we may enjoy some extra time with our families. We hope that all of you will be able to do the same.

2008 has been a year marked with economic challenges and as

it comes to a close, we want to thank you for your business. You are not just our customers, many of you are also our friends. We look forward to 2009, hoping for better times. We also look forward to working with you and getting to share in your creative process.

We hope you have a very happy holiday season and a great new year!

As always,
Laura

Free Merchandise

Do you know about our Preferred Customer Club? It's a way that you can receive free merchandise as a reward for your purchases.

Here is how it works: Purchase a key tag for \$2. Keep the tag on your key ring and every time you make a purchase* here at the shop, we will punch that amount on your key tag. When your tag is fully punched, it can then be redeemed for \$20 in FREE merchandise.

When you redeem your key tag, you will also be entered into a drawing for more free merchandise.

This is a great way to save and it is easy too. Next time you come in, let us know if you have any questions or if you'd like to join the club.

(*Some exclusions apply. Does not include sales tax, sale or discounted items and special orders)

Add a Classic to Your Home

Have you ever thought you might like to have a piece of stained glass in your home? We can teach you how to make one, or if you are not inclined to learn, we can make one for you. Beautiful stained glass gives an elegant, timeless appeal to any surrounding, and may be more affordable than you think. Pricing is based on the size and complexity of the design that you choose.

We specialize in creating kitchen cabinet doors, transoms, side lights or any other window in custom sizes to fit your unique needs.

Also, keep in mind that a custom stained glass panel makes a perfect gift to commemorate an anniversary, birthday, graduation or any other special event you may have coming up.

You can create your own design or choose from hundreds of our patterns. We can even work with your architect or designer to create the perfect piece for your décor.

Bring in your measurements and your ideas, and let us help you create a special work of art that you will treasure for years to come.

Check Out Our Upcoming Saturday Classes

Angel Candleholder

Get a jump start on the holiday season and join in as we make these stunning Angel Candleholders. With a double skirt and a jewel for her head, she stands about eight inches tall, and is made with a spot just right to hold a votive candle.

Students bring to class: a purchased 35mm jewel; seven angel pieces cut, foiled and edge beaded per our supplied pattern, and soldering supplies and equipment.

This angel makes a charming gift and we are bringing her your way just in time for the holidays.

Prior experience is required.

Class Fee: \$35.00
Date: Nov. 22, 2008
Time: 11:00am - 1:00pm

Teeny Tiny Trees Fusing Class

Join us for this super fun, super easy glass fusing class just in time for the holidays as we make teeny tiny Christmas trees. These little gems make great Christmas ornaments or you can tie them on to packages as an "extra gift." This entry level class is perfect for a parent and older child to attend together, and a great chance to get your feet wet with glass fusing if you've been wanting to give it a try.

We'll show you how to make "liquid frit" and send you home with a recipe if you want to make this versatile medium to use on your own. We will furnish everything you need to make and decorate five trees in class, and we will fire them for you to be picked up at a later date. What could be easier?

Prior experience is not required.

Class Fee: \$35.00
Date: Saturday, Dec. 6, 2008
Time: 11:00am - 1:00pm

Regular Monthly Class Schedule

Beginning Stained Glass

This is our entry level stained glass class. Over the course of four weeks, you will learn the techniques required to complete a small stained glass panel using the copper foil method. You will choose from seven previously selected patterns, and using the glass of your choice you will complete as small stained glass panel. The class fee includes instruction and the use of some of our tools. Supply kit (required) is \$59.49 plus the cost of the glass of your choice. This class is a prerequisite for many of our other classes.
