

# HALLOCK STAINED GLASS

Central Kentucky's  
Source  
For All Your Stained

February 2009

## We've Got It Going On!

*Dear Friends,*

With the holiday season behind us, you'd think things would have slowed down here at the shop, but that is NOT the case. We have so much going on around here our heads are spinning!

We're getting ready for our annual CABIN FEVER SALE coming up on Sat., Jan. 31 when we'll be having 20% off all glass, tools and supplies. With the winter doldrums in full swing, it's a perfect time to begin a new project. Sale day's a great chance for you to stock up on supplies for all those upcoming projects you're looking forward to. Also, we have a new line of glass cutting equipment in stock all of which will also be 20% off at the sale. Mark your calendar, and make your list. You won't want to miss it!

We're back on track with our monthly classes and the January sessions are underway. Our Feb. and March classes are scheduled now, so let us know if you would like to sign up for either our Beginning, or Workshop class.

Also, coming up in February we're offering our Lead Came Class. We only offer this class twice a year, so let us know if you are ready to take on a new challenge and learn something new.

## Lead Came Construction

Have you been wanting to learn the Lead Came method? This four-week class teaches the basics of lead came construction. You will learn all you need to know to create your own leaded panels: pattern preparation and layout; choosing, cutting and soldering lead; and finishing a panel.

This class is only offered twice a year and space is limited so sign up early. Your pattern must be

*Even though we're super busy, we can always take time out to visit.*

For quite some time, we've wanted to offer a class for younger students, and at last, have scheduled a Kid's Mosaic Class for Sat., Feb. 28. If you have a child in your life between the ages of 11-15 that has an interest in arts and crafts this may be something they'd like to try. More details follow, but let us know if you have questions.

If all of that isn't enough, this year I decided to participate in the Kentucky Crafted Market coming up in Louisville toward the end of February. We haven't done a show in quite some time, so we are really busy with all the preparations of putting together our booth and everything to go in it. There'll be

pre-selected and approved prior to the class. Tools and materials are extra and are not included in the class fee. You will receive a tools and materials list upon receipt of your class fee.

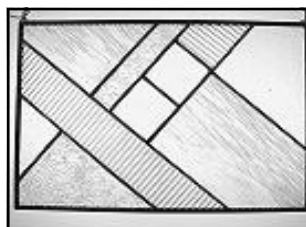

If you are comfortable with the copper foil method of construction and would like to take your skills to the next level, then this class is for you!

Prior glass experience required.

about 300 exhibitors at the show with everything from Fine Art and Craft to Musical Recordings and Kentucky Proud Food Products. Public dates are Feb. 21 & 22. It makes for a fun and interesting trip where you can check out what other artists and craftsmen are up to. If you think you'd like to attend, stop by the shop and pick up a coupon for \$3 off admission. You can check out all the details at [www.kycraft.ky.gov](http://www.kycraft.ky.gov).

After we get the show behind us, we will be putting together more of our one day Saturday workshops, so stay tuned for more on that soon.

As always,  
*Laura*

Class Fee: \$65.00

Dates: Wed., Feb. 4-25

Times: Morning class  
10:00am - 12:00pm  
Evening class  
7:00pm - 9:00pm

## Kid's Class

*Especially for ages 11-15*

We're planning a special day for the younger crowd to come in and express their creativity in our first ever Kid's Mosaic Class.

We will supply all materials and instructions needed for assembly and grouting of a pre-selected mosaic project. We'll furnish a few design ideas but encourage students to let their imaginations soar, and come up with a unique design all their own.

At the end of the class students will have a completed project and the know how to embark on a fun and satisfying hobby. We will have more materials and tools available for purchase if students would like to make more at home. Space is limited to eight students.

## Ticket Treasure

Do you know about our Ticket Treasure Bowl? We really don't mean for it to be a secret, but many of you may not know how it works. Every time you come into the store, ask for a ticket. We'll give you a two-part ticket. Tear it apart, keep one part and put the matching part into the Treasure Bowl. The first day of the month, we will draw one ticket out of the bowl and it will be displayed on the board for five business days. You must come in during those five days to see if you are the winner. If your ticket matches the one that was drawn, you will win a prize. The treasure bowl will be emptied after the winning ticket is drawn and we will start over each month. Remember, you have to ask for the ticket and you have to check the ticket to see if you are the lucky one.

**GOOD LUCK!**

## Check Out These New Items

*New line of glass cutting tools now available*

We are carrying a new line of glass cutting tools and equipment that we are really excited about. They are from Creator's Stained Glass, a company dedicated to finding innovative ways to make working with glass easier. Several of their products have helped people who may have had to quit doing stained glass because of a handicap. Hobbyists and pros alike will find these products useful. They are sure to be a welcome addition to your workshop or studio. We'll be featuring each of these new items in our upcoming newsletters. In the meantime, you can check them out at the shop where we can answer any questions you may have.

### **The Cutter's Mate \$249.95**

What makes this cutter different? Cutter's Mate glides effortlessly across the glass while maintaining a constant 90° angle to the surface. You'll experience greater comfort and ease in scoring glass. The cutting head can be rotated a full 360°, giving you the ability to cut any shape you can draw or trace. You can even score glass while sitting down! Great for the beginning and experienced artisan.

Features:

- Toyo oil-fed cutting head. Oil reservoir extends through handle for easy filling.
- Modular construction for one-step assembly and storage.
- Rubber feet for use on a tabletop, bench surface, or light table.
- Can remain on your work area when not in use.
- Large, comfortable Grab-on foam grip handle eliminates strain normally experienced while scoring glass.

### **Here are a few testimonials from fans of the Cutter's Mate:**

"[It] levels the playing field for my weak osteo-arthritic hands. It's fast and gives good, clean cuts. I cannot believe how well it cuts inside curves. There's almost no grozing!"

— E. H., Center Conway, NH

"Ease of use, how little pressure needed. No longer need to wear wrist brace to prevent tendonitis discomfort."

— L. P., Charlotte, MI

"Easy to use, scored glass to separate easily; no pressure required on glass. Cuts all patterns on glass."

— B.E., Tehachapi, CA

"I can cut glass faster without wasting it."

— R.M., Highland Park, IL

## Regular Monthly Class Schedule

### **Beginning Stained Glass**

This is our entry level stained glass class. Over the course of four weeks, you will learn the techniques required to complete a small stained glass panel using the copper foil method. You will choose from seven previously selected patterns, and using the glass of your choice you will complete as small stained glass panel. The class fee includes instruction and the use of some of our tools. Supply kit (required) is \$62.00 plus the cost of the glass of your choice. This class is a prerequisite for many of our other classes.

**Class Fee: \$65.00**

**Dates:** Feb. 3-24  
March 3-24

**Times:** Morning Session: 10:00 am - 12:30 pm  
Evening Session: 6:30 pm - 9:00 pm

### **Workshop Class**

Refresh or improve your skills. Learn a new skill. Pick your project and we'll help. Bring your own basic tools. (This means everything that you need except your grinder.) Classes are limited, sign up early. Prior glass experience is necessary.

**Class Fee: \$50.00**

**Dates:** Feb. 5-26  
March 5-26

**Times:** Morning Session:  
10:00 am - 12:00pm  
Evening Session:  
7:00 pm - 9:00 pm
