For All Your Stained

January 2009

## We Can Relate!

Dear Friends,

Soon, the rush of the holiday season will be behind us and hopefully, life will slow down a little bit. It will be the perfect time to get back into that glass project you may have put on the back burner during this busy time of year. Many of us love to spend these cold winter days tucked away with our favorite pastime, warm in our workshops and studios as the winter winds blow by. There is a certain comfort and satisfaction we get as we create our art, and here at the shop, we sure can relate!

Whether that pastime is stained glass, glass fusing, bead making or jewelry making, you won't want to miss our annual CABIN FEVER SALE coming up on Saturday, January 31st. We will have 20% off all of our glass, tools and supplies that day. It's a great time to stock up on solder, copper foil, lead, glass and even patterns. Maybe you have been thinking about a new grinder or soldering iron. Sale day is a great time to buy one of the bigger ticket items. Mark your calendar and plan to join us.

*Projects don't have to be big or complicated in order to be satisfying.*

*Here one of our students proves the point as she show off her Mystical Mini Panel in a recent Saturday Class.*

After taking a break from our regular class schedule during the month of December, we will be getting back on board in January. Our beginning class will start on January 8th. We have several students already signed up, but have a few openings available. Let us know if you'd like to sign up.

We also have our workshop class coming up in January where you can pick out your own advanced level project, and we offer you our expertise.

We are planning to have a kid's class in February, but we don't

have any details yet. Stay tuned, and we will let you know more about that soon.

Valentine's day will be here before too long. A gift made by you is sure to be an extra special present.

Be sure to stop in soon to see us!

As always,  
Laura

## Free Merchandise

Do you know about our Preferred Customer Club? It's a way that you can receive free merchandise as a reward for your purchases.

Here is how it works: Purchase a key tag for \$2. Keep the tag on your key ring and every time you make a purchase\* here at the shop, we will punch that amount on your key tag. When your tag is fully punched, it can then be redeemed for \$20 in FREE merchandise.

When you redeem your key tag, you will also be entered into a drawing for more free merchandise.

This is a great way to save and it is easy too. Next time you come in, let us know if you have any questions or if you'd like to join the club.

(\*Some exclusions apply. Does not include sales tax, sale or discounted

## Add a Classic to Your Home

Have you ever thought you might like to have a piece of stained glass in your home? We can teach you how to make one, or if you are not inclined to learn, we can make one for you. Beautiful stained glass gives an elegant, timeless appeal to any surrounding, and may be more affordable than you think. Pricing is based on the size and complexity of the design that you choose.

We specialize in creating kitchen cabinet doors, transoms, side lights or any other window in custom sizes to fit your unique needs.

Also, keep in mind that a custom stained glass panel makes a perfect gift to commemorate an anniversary, birthday, graduation or any other special event you may have coming up.

You can create your own design or choose from hundreds of our patterns. We can even work with your architect or designer to create the perfect piece for your décor.

Bring in your measurements and your ideas, and let us help you create a special work of art that you will treasure for years to come.

**Lead Came Class Scheduled for February  
Lead Came Construction**

Have you been wanting to learn the Lead Came method? This four-week class teaches the basics of lead came construction. You will learn all you need to know to create your own leaded panels: pattern preparation and layout; choosing, cutting and soldering lead; and finishing a panel.

This class is only offered twice a year and space is limited so sign up early. Your pattern must be pre-selected and approved prior to the class. Tools and materials are extra and are not included in the class fee. You will receive a tools and materials list upon receipt of your class fee.

If you are comfortable with the copper foil method of construction and would like to take your skills to the next level, then this class is for you!

Prior glass experience required

Class Fee: \$65.00

Dates: Wednesday,  
February 4-25

Times: Morning class  
10:00am – 12:00pm  
Evening class  
7:00pm – 9:00pm

**Regular Monthly Class Schedule**

**Beginning Stained Glass**

This is our entry level stained glass class. Over the course of four weeks, you will learn the techniques required to complete a small stained glass panel using the copper foil method. You will choose from seven previously selected patterns, and using the glass of your choice you will complete as small stained glass panel. The class fee includes instruction and the use of some of our tools. Supply kit (required) is \$62.00 plus the cost of the glass of your choice. This class is a prerequisite for many of our other classes.

**Class Fee: \$65.00**

**Dates: Jan. 6-27  
Feb. 3-24**

**Times: Morning Session: 10:00 am - 12:30 pm  
Evening Session: 6:30 pm - 9:00 pm**

**Workshop Class**

Refresh or improve your skills. Learn a new skill. Pick your project and we'll help. Bring your own basic tools. (This means everything that you need except your grinder.) Classes are limited, sign up early. Prior glass experience is necessary.

**Class Fee: \$50.00**

**Dates: Jan. 8– 29  
Feb. 5-26**

**Times: Morning Session:  
10:00 am - 12:00pm  
Evening Session:  
7:00 pm - 9:00 pm**
